

Hackathon³ Day 01 Task

Foundation for my market Place Journey.

- ① Step : 01 Market Place Type:
My market place type will be "E-commerce".

* Purpose : • First purpose of my market place is to start digital business and contributing in growth of economy of our country. Second purpose of my market place is to engage the youth of our country in digital marketing.

Through our e-commerce market will start worldwide business.

- ② Step : 02 My Market Business Goals.

① People from whole country have no reach of big or wholesales markets of big cities and all people have no such time to select the items for their needs

from the markets but our digital market place will provide every thing just on one click. we will provide quality goods all over Pakistan as well as in the every corner of the world.

② Our target audience are the people of our country as well as all people from the whole world. because everyone likes unique items for their homes. Etc

③ Our general E-Commerce Market place will provide products like household items and decorating items for houses. we will also provide unique handmade decorative products for houses as; hand made baskets, covers for tables and sofa's, etc.

Niche of our market place will be crafts handmade products, decorative handmade items for decoration of houses.

④ Our E-commerce market-place will provide unique and quality products for customers.

Our products will be best quality products. And also provide handmade unique products.

③ Step = 03
